

## Technology Solutions for Building a Virtual Workplace

March 25, 2020

Given recommendations from Canadian and Provincial health officials to self-isolate and stay at home to slow the spread of COVID-19, employers are transitioning to working from home.

The AMSSA Team compiled the following information to provide our members and BC service provider organizations with resources and tools to build an online work environment. In this document, you will find a sampling of software and applications organized by purpose and type of platform. We hope this is helpful to you and your organization.

### TEAM MANAGEMENT & COLLABORATION

Working remotely can make it difficult to keep tabs on projects. Project management software can help to make your workflow more organized and efficient.

Name	Cost	No. of Users	Main features	Other Capabilities
<a href="#">Asana</a>	<p>Free</p> <p>Premium - \$10.99 USD / per user per month (paid annually) or \$13.49 USD/ per user per month (billed monthly)</p> <p>Other paid versions: Business, Enterprise</p> <p><u>Techsoup for non-profits &amp; charities:</u></p> <p>1-year subscription Asana Premium or Business – 50% discount on annual subscription</p> <p>Admin fee \$101</p>	<p>Up to 15 users</p> <p>16+ users</p>	<p>Project management (task management) &amp; visual workflow</p> <p>Free subscription features plus: private teams &amp; projects, advanced search &amp; reporting, admin console</p>	Application integrations

## TIPS

- Connect with your teleconference service provider, they may have video conferencing solutions available for you
- For non-profits and/or charities to subscribe to any online Microsoft application, connect with your IT department or service provider as there may be discounts available.
